Pet Photo

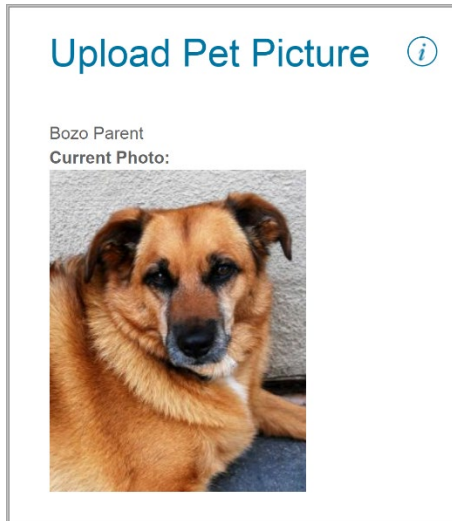

Click the Choose File button to select a file from your device

Select ONE file from your device and click open to save the photo to your pet's profile. **Only one file can be selected – and any file selected will automatically be uploaded and overwrite any photo file already attached to the pet.**

You will automatically see the photo at the top of the page. This confirms that the photo was uploaded successfully.

Clicking the Return to Modify Pet Info button returns you to the prior page and the photo will now be displayed here as well.
