

## Overview

There are a number of reasons we may need paperwork on your pet. Vaccinations records are the most common; but information regarding microchips, allergies, or post-operative instructions from your vet can also be helpful when caring for your pet. You can now share these types of files with us via our online owner portal. Thank you for helping us take the very best care possible of your pet!

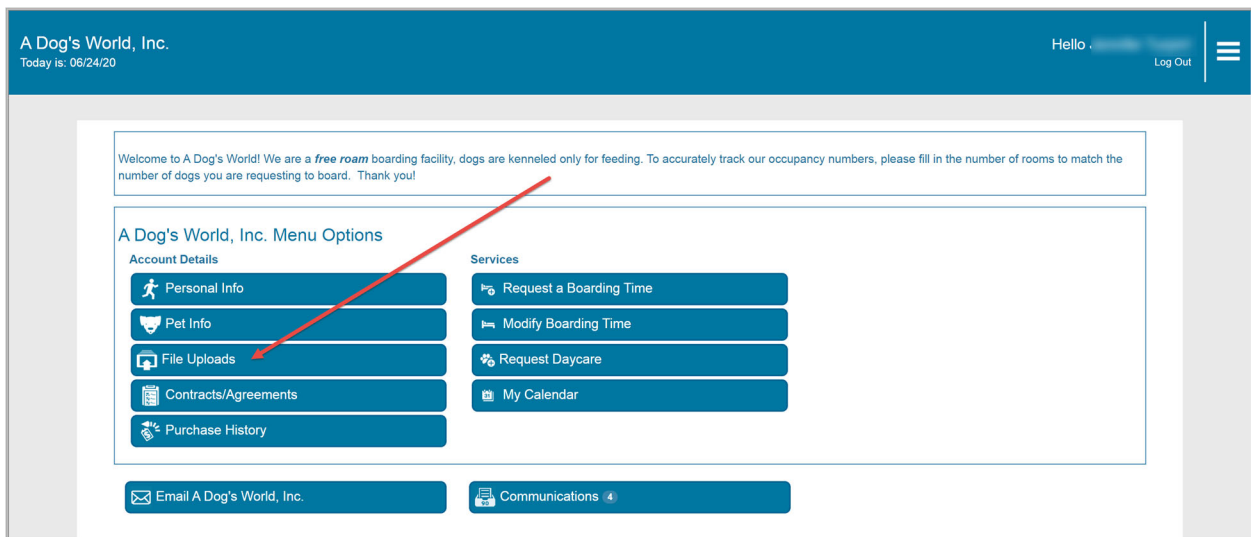

## Login to PetExec

Visit <https://secure.petexec.net/login.php> or use the mobile app to login to your PetExec account.

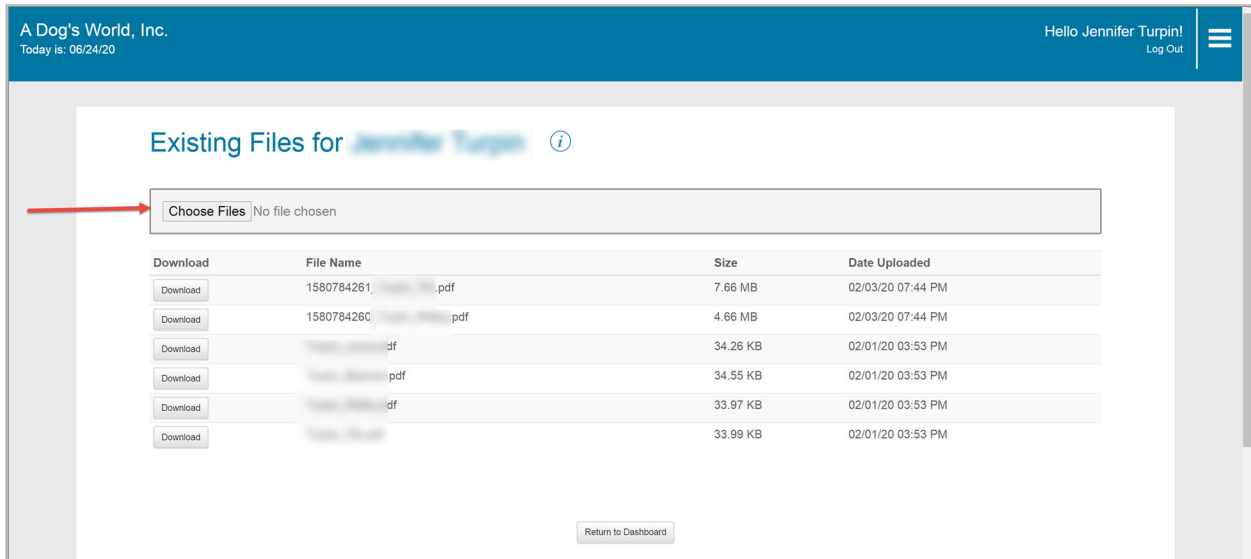

## Pet Information

Once you have accessed your account, click on **File Uploads** to submit your files.

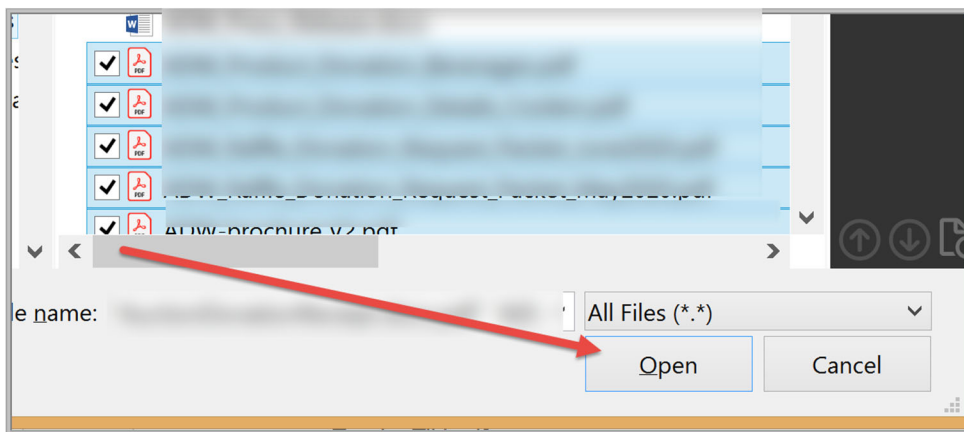

### Uploading a File

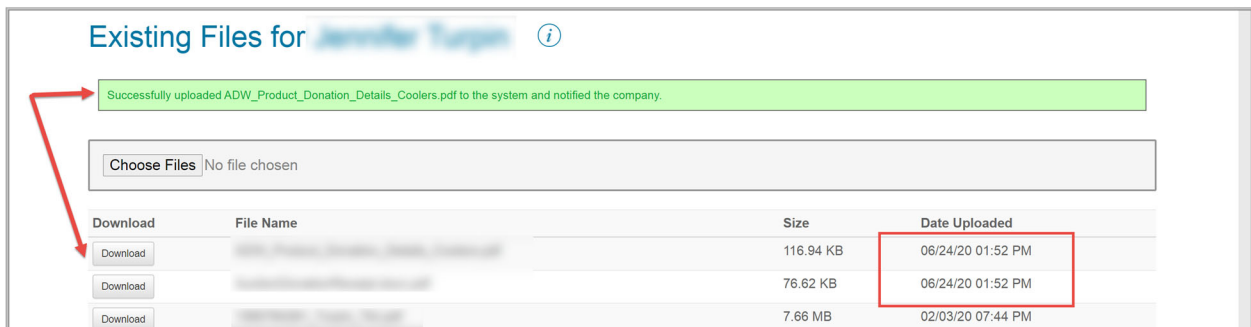

Click the Choose Files button and select the file(s) you wish to upload.

Select the file(s) from your device and click open to submit the files to your account:

You will receive a green banner at the top of the page confirming that your files were uploaded successfully. The uploaded files will be visible in the list – with a date/time stamp that corresponds to your upload.
